EBERIGHT HELD IN NEWARK; IS BEING RETURNED

Albert Eberight, former manager of the Adams County Cooperative Egg association, is to be returned to this county to face embezzlement, fraudulent conversion and a bad check charges in which more than \$21,791.41 is involved.

District Attorney Daniel E. Teeter said this afternoon he had been notified, through state police teletype, that Eberight had been taken into custody by the Newark, N. J., police on a bad check warrant and had waived extradition.

Sheriff Dorsey J. Schultz, accompanied by Deputy Harry Sease, Fairfield, will leave for Newark at 5 o'clock Saturday morning to return Eberight to the county.

The particular charge on which Eberight was arrested was a worthless check information placed before Justice of the Peace John H. Baschore by John W. Woods, Gettysburg, R. D., one of the directors of the cooperative, to provide a warrant for Eberight's arrest while auditors searched the books for evidence of suspected embezzlement and fraudulent conversion.

No Money in Bank
Eberight had given Woods a check for \$250.01 on August 31, which was drawn on a Littlestown bank on an account in which there were no funds. Because the evidence was available at the moment, Woods placed the charge at the direction of the local district attorney immediately upon Eberight's failure to return here from a New York trip.

Since that time an additional information, listing 60 counts and involving 30 checks totalling \$21,791.41, has been prepared by the district attorney. Charges of fraudulent conversion and embezzlement by the manager are made on all of the 30 checks listed.

The information against Eberight was filed this afternoon before Justice Baschore by the district attorney and Eberight will face those charges in addition to the original worthless check information.

More Charges Likely
The district attorney said there will probably be further charges laid against Eberight as a result of later findings made during the audit.

Attorney Teeter said the 30 checks were from nine different business firms in Baltimore, New York and Gettysburg. Eberight is alleged to have either had checks made payable to him, when concerns wished to pay for eggs sold them by the cooperative, or in some instances, endorsed checks made out to the cooperative and placed the amounts in his own accounts at three Adams county banks.

Immorality In Government

By LEIGHTON C. TAYLOR
If Diogenes were to appear on the current scene with his lantern one wonders just where he would start on his cynical search for an honest man. In any event, he would get little help from the daily grist of government news and reports.

Senator Clyde R. Hoey, Democrat of North Carolina, heading a Senate investigating committee, has been unfolding a story of corruption in the Bureau of Internal Revenue, and the Reconstruction Finance Corporation, that should be an affront to any man's sense of integrity.

In New York a King's county grand jury has called for the dismissal of all top police officers concerned with vice and gambling for the past 10 years. "The evidence before us," said the grand jury, "demonstrates that there is within the police department a discernible hierarchy of corrupt officials who have molded themselves into a tightly knit organization, of a perverse but devastating efficiency, to protect the gambling fraternity for graft." The grand jury evidently believes that this hierarchy has been operating for at least 10 years.

GI Paid \$1,500 Bribe
On Staten Island a former GI, who lost a leg in Italy, told how he had paid a Richmond county political boss \$1,500 as a bribe to obtain a liquor store license. And the former GI was but one of several witnesses who gave similar testimony.

No need to dwell on the already familiar and notorious five percenters, mink coats, deep freezes, free hotel bills and influence peddlers.

Something Has Happened
Now all this and more makes us fearfully conscious that something serious has happened to our beloved country—something vital and priceless no longer dwells within the hearts and minds of large segments of our population. They have become immune to those things which ordinarily shock accepted ethical standards. Something deadly and sinister has taken place in our midst and under our very eyes.

The truth is, this intangible something that has happened to us is potentially more destructive than a rain of atomic bombs. It is more perilous to our national existence than all the Communists on earth. The greatest danger to our free Republic, in the writer's opinion, lies not in the threat of communism, but in the marked deterioration of public morals and intellectual honesty and

CARAVAN FOR FREEDOM HERE ON SATURDAY

Adams county residents will have an opportunity on Saturday to see the release of a balloon filled with leaflets similar to the ones sent by the Crusade For Freedom from Germany into the Iron Curtain countries.

A Crusade For Freedom motorcade will be on Lincoln Square Saturday from 11 o'clock in the morning until about 2 o'clock in the afternoon. During that time balloons of the type being used in Europe will be inflated with helium and released.

Balloons used are of two types. One carries 2,200 messages, rises to about 30,000 feet and explodes, sending the leaflets floating down over the countryside. The other type of balloon carries 200 single sheets. The gas leaks out slowly during its flight, finally coming to rest on the ground with the messages inside it. The motor caravan expects to release the latter type of balloon here.

To Receive Donations
Details of the radio programs sent daily over Radio Free Europe stations in Germany, sponsored by Crusade for Freedom will be presented over a loudspeaker from the caravan.

Lawrence M. Sheads, chairman of the drive to raise funds in Adams county, said donations to the Crusade will be accepted at the truck.

Shheads announced today receipt of \$23.19 from several local schools including \$6.66 from High Street school, \$8 from Meade school and \$8.53 from Lincoln school. He also announced a \$25 donation from the local Moose lodge.

PLANS FOR TWO YOUTH PARTIES ARE ANNOUNCED

Further details for the Youth Honor Day programs to be held October 30 and 31 were outlined Thursday evening at a meeting of the Moose lodge at its home on York street.

Robert Neary, chairman of the civic affairs committee, reported that Pat Patterson's orchestra has been engaged for the "teen age dance" to be held for youths of the Adams county-Emmitsburg-Taneytown area Tuesday evening, October 30, from 7 to 10 o'clock at the Moose home.

Because the ballroom will hold only about 350 for a dance, admission will be by ticket only. Tickets may be obtained from high school principals.

To Award Prizes
Prizes will be awarded for Halloween costumes, although costumes are optional. Refreshments will be served. The Women of the Moose will act as chaperones.

Youngsters under 12 years of age will be entertained at 4 o'clock Wednesday afternoon, October 31, in the ballroom of the lodge. Children under school age must be accompanied by their parents, or some

The Waddell car was forced into the Laird automobile which had stopped on the opposite side of the intersection, police said.

Reds Resist Allies On Almost Every Fighting Sector; Expect To Resume Peace Talks Soon

Munsan, Korea, Oct. 19 (AP) — Liaison officers agreed today on the size of neutral zones around Kaesong and Munsan, thus clearing the biggest hurdle in the path to reopening Korean truce talks.

Only two other points remained in dispute. The feeling at this U.N. advance headquarters was that armistice negotiations might be resumed in a few days, ending a two months' breakdown.

Cautiously Optimistic
Brig. Gen. William P. Nuckols, U.N. command spokesman, cautioned:

"Any point, however small, remains a point of contention that will block resumption of armistice talks."

However, he was "cautiously optimistic," and said the "most important" point was cleared up today.

The Reds accepted a U.N. compromise proposal for security zones with a three mile radius around headquarters of the opposing truce teams in Kaesong and Munsan. The Communists had wanted five mile zones, such as surrounded Kaesong when it was the site of negotiations.

The liaison officers promptly tackled the two other questions: (1) Whether to create a security corridor along the road linking Munsan and Kaesong with Panmunjom, the new truce site; (2) Whether aircraft should be banned from flying over the protected areas.

Want Road Corridor
They'll take them up again at 10 a.m. Saturday (8 p.m. Friday, EST). The Reds want a corridor along the road. They reduced their demand Friday from a three mile wide corridor to a two mile wide corridor.

The U.N. agrees to safe conduct for truce parties on the road. But it wants no corridor.

"Since we are prepared to agree to safe conduct," said U.N. Liaison Officer Col. Andrew J. Kinne, "they can protect their delegation with troops and such a corridor is not necessary."

Plans for a Halloween party Monday evening at 7 o'clock at Natural Springs park were advanced at a meeting of Girl Scout Troop 37 Thursday evening at Christ Lutheran church. The girls will meet at the church by 6:45 p.m. Monday to go to the party.

It was announced the girls will meet at the church Sunday, October 28, to attend services in a body as a Girl Scout Week activity. Plans also are being made for a window display in observance of Girl Scout Week. The meeting closed with the singing of "Taps." Mrs. Robert Ditchburn was the leader in charge and Mrs. William Ziegler, the assistant.

GOOD EVENING
If feminine golfers would wear more, the men could go around in less.

U. S. 8th Army Headquarters, Korea, Oct. 19 (AP) — Allied big guns pounded Kumsong today as tank-supported U.N. infantrymen fought to within two miles of the former Red bastion on the central front.

Reds stubbornly resisted attacking United Nations troops in almost every fighting sector. Allies failed to take two hills on the western front in day-long battles.

Planes, tanks and infantrymen battled fresh Chinese replacements deeply entrenched in the last major line south of Kumsong. The Reds used heavy mortar and artillery fire in an attempt to slow U.N. infantrymen pushing northward in the seventh day of their central offensive.

Capture Two Hills
But southwest of Kumsong, Allied ground forces captured two hills against "surprisingly light resistance," a briefing officer reported. Fifty-two Chinese were taken prisoners.

Artillery supporting the Kumsong offensive fired 1,000 rounds into the Communist road hub. They concentrated on stores of supplies left there by Reds who appeared to have deserted their former stronghold.

Fiercest resistance was southeast of Kumsong. Air strikes, tank fire and infantry assaults failed to budge Reds clinging to a sharp, high peak overlooking a valley.

Entrenched Chinese on the western front held two hills northwest of Yonchon against day-long Allied assaults. On one hill troops fought at hand grenade range for more than two hours before U.N. infantrymen pulled back. A 10-hour Allied assault was beaten off the other hill.

Report Fighting Eases
Nearby Red screening forces dug in on hills less than a mile from a battle-scarred ridge line they abruptly abandoned yesterday to Allied troops after a two-week fight.

The Reds probed U.N. positions in the eastern mountains with a series of attacks. All were beaten back.

A U.S. Eighth Army communique indicated fighting was easing off somewhat along the front as hopes of renewed truce negotiations revived.

U.N. Naval and Air Forces continued their heavy pounding of Reds behind the front, while ground forces pushed the line slowly northward in the center and east.

The armor supported attack on the Kumsong front jumped off at dawn under cover of a morning mist. As the day warmed under an Indian summer sun, Allies seized one hill southwest of Kumsong, attacked the highest hill in the area southeast of the city, and hit a ridge line directly south of Kumsong.

Also among the early donors were Murray Miller, Mrs. Harvey Yingst and Mrs. Wilbur Knox, each of whom gave eight or more pints here during World War II.

Bullets Meet Mules Saturday In Night Game At Allentown

A pair of victory-starved rivals will clash for the 31st time Saturday night at 8 o'clock in Allentown high school's big stadium when the Gettysburg college Bullets meet Muhlenberg. Each team has won 15 games in a series begun in 1907.

The Mules are looking for their annual victory after the following setbacks: Upsala, 9-13; Bucknell, 19-54; Lebanon Valley, 6-12, and Lafayette, 7-14.

In revising his lineup due to a number of injured players, Coach Bream indicated he will use Dan Ebbert and Ron Jacoby to replace Gene Coder at end. SAYS BASEBALL PLAYERS NEED "ALLOWANCES"

Washington, Oct. 19 (AP)—Freddie Hutchinson, Detroit Tiger pitcher, suggested today that baseball players—athletes with short careers—should be given special income tax treatment.

"There should be some allowance for ball players similar to depreciation on a structure or machine," he said.

Hutchinson told a House Judiciary subcommittee that the average major league career of a player is about five years. He said players were trained solely for the game. Some relief should be given them from taxes, he said, because their biggest income lasts for only a few years.

A player should be allowed to deduct for his maintenance when he is away from his permanent home with his family in the city where his major league team is based, Hutchinson said.

The subcommittee is trying to determine whether baseball violates anti-trust laws. One of the points in question is the reserve clause under which a player is tied to the club that owns his contract so long as he plays ball.

Hutchinson, the American league players' representative on the executive council of major league baseball, favors it. "In my opinion the reserve clause is a necessary and reasonable provision for the preservation of organized baseball," he said.

Unbeaten Warriors Meet Shippensburg Here This Evening

Gettysburg high school will be gunning for its sixth consecutive victory tonight at 8 o'clock when Shippensburg is met on the Warriors, field in a South Penn conference game.

Although the locals are big favorites to remain undefeated, Shippensburg is hopeful of springing a surprise and plans to play a wide open game with plenty of forward passes.

Also scheduled for tonight are the Biglerville-Manheim Central game at Biglerville, and the York Springs-Littlestown contest at Littlestown.

OLD RIVALRIES RESUME ON GRID THIS SATURDAY

By WILL GRIMSLEY

New York, Oct. 19 (AP)—Most of the nation's top-ranking college football teams flaunt their beards before neighborhood audiences tomorrow, with the headline attraction sending California against Southern California at Berkeley.

The Golden Bears of California, No. 1 nationally and with a string of 38 straight regular season victories, rule a two-touchdown favorite over a solid Trojan eleven rated No. 11 on the Associated Press poll.

The Bears have averaged 411 points a game in smashing past Santa Clara, Penn. Minnesota and Washington State. Southern Cal has won four games and lost only an informal skirmish with Camp Pendleton.

Of the other teams in the top ten, Tennessee, Texas A&M, Maryland and Baylor also appear to have a busy afternoon ahead of them, although all are favored by from 13 to 14½ points.

Tennessee's thick-thighed young men, second in the national ratings, defend their unsullied record against three-beaten Alabama at Birmingham, Ala. The Crimson Tide's inferior record can't be taken too much into account since this is a traditional battle in which they pile up the injured like stove wood.

Maryland Faces Trouble Tradition also puts added teeth into the fray at College Park, Md., between Maryland and North Carolina, longtime antagonists of the Southern conference. Maryland, seventh-ranked, has shown tremendous power in winning three games but Terrapin Coach Jim Tatum, a former North Carolina guard, generally has trouble with his alma mater.

Texas A&M, No. 6, one of the leading favorites for Southwest conference honors, plays twice-beaten Texas Christian at Fort Worth while Baylor, No. 10, has a tough test at Waco against Texas Tech, 33-19 conqueror of TCU last week.

Two of the current gridiron elite—third-ranked Michigan State and eighth-ranked Illinois—take to the road.

Michigan State journeys to State College, Pa., where it rules a 14-point favorite over a Penn State team that has won two and lost only to Villanova. Illinois invades Seattle for a game with rebounding Washington. The Illini are 5½ point picks.

Georgia Tech, No. 5, is host to Auburn. Princeton, No. 9, will strive to make Lafayette the 11th link in the longest winning streak now going in major ranks.

Notre Dame, side-tracked last week by Southern Methodist, is a 13½ point favorite over Pittsburgh at Pittsburgh. SMU, meanwhile meets Rice in a night game at Dallas.

Bullets Meet Mules Saturday In Night Game At Allentown

A pair of victory-starved rivals will clash for the 31st time Saturday night at 8 o'clock in Allentown high school's big stadium when the Gettysburg college Bullets meet Muhlenberg. Each team has won 15 games in a series begun in 1907.

The Mules are looking for their initial victory after the following setbacks: Upsala, 9-13; Bucknell, 19-54; Lebanon Valley, 6-12, and Lafayette, 7-14.

"Hen" Bream's charges will be gunning for their second triumph in five engagements.

In revising his lineup due to a number of injured players, Coach Bream indicated he will use Dan Ebert and Ron Jacoby to replace Gene Coder at end. He is still undecided on Gene Powell, Don Holland and Bob Eppelman as a replacement for John Cagliano, back.

Berk Ward, quarterback, is again ready for full time duty and is listed for both offensive and defensive chores.

Bill Ewing, guard, is still not fully recovered from an injury but will probably see some action. Tony Natale, hard running back, suffered bruises last week but is expected to be ready for the contest.

Mules Have Power
Bulleted scouts report the Mules are much better than their winless record indicates. The Mules have lost three games by one touchdown. Gettysburg has a somewhat similar record, losing one game by a TD and another by two points. The Bullets lost to Bucknell 7-41 and dined Drexel 21-0.

Three former Mechanicsburg high stars are slated for starting positions for the Cardinal and Gray team. They are Harold Sheely and Jack Jordan, tackles, and Don Corman, halfback. Reed, 6-3 end, is reported to be one of the finest pass receivers in the state.

There are only four seniors on the Muhlenberg squad which is comprised primarily of freshmen and sophomores.

The game will be broadcast over WGET.

JUNIOR HIGH AND HERSHEY PLAY 7-7 TIE

A 60-yard touchdown run by Charley Livingston in the third period, followed by Ronnie Williams' plunge for the point, enabled the Gettysburg junior high football team to tie a very good and big Hershey team 7-7 Thursday afternoon at Hershey.

Hershey scored its TD early in the second period after Gipe intercepted a Gettysburg pass on the locals' 19. A pair of jump passes, Gipe to Hinkle and Gipe to Wallard, moved the ball to the 1 from where Gipe scored. Grider added the point on a line kick.

Coach Rogers Herr's outfit, who played a much improved brand of ball in the final half, took over on their own 20 in the third frame when Hershey punted over the Gettysburg goal line. Two tries netted eight yards before Livingston swept around right end for his long touchdown jaunt. The plunge by Williams knotted the score.

Next Thursday Waynesboro junior high will play here.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Oct. 19 (AP)—The top "independent" football teams of the Pacific coast, College of the Pacific and San Francisco, spent a lot of money to come east this week-end for games that likely will be played almost in seclusion. . . . But if they're successful, they'll get it back in publicity and in cash when they meet at Stockton, Calif., November 17. . . . Dave Gerber, a Brooklynese Californian acting as advance man for COP, explained it all. . . . "We're in a valley by ourselves with no college within 80 miles," said Dave. "We've only been coming up for a couple of years, but if we keep on playing good football, we'll get a lot of people to see our games. . . . We had 32,000 for Clemson last week and expect 50,000 for the San Francisco game. . . . Instead of subway alumni I guess we'll get ranch alumni." . . . And, take it from Dave, the teams are here to show the eastern experts some good football. . . . Ollie Matson, the USP sprinter-fullback, has had considerable national publicity. . . . "But I think we can match them in players and Olympic candidates," Gerber added. "Eddie Macon, our leading scorer, is one of the best quarter-backs in the country."

PRESSED BY THE PREZ
After Maryland's footballers wallowed Georgia last week, victorious Coach Jim Tatum was giving his rival, Wally Butts, a big build-up. . . . "I never have seen such passing," Jim told Wally. "Our school president probably will have me on the carpet for not having a better pass defense." . . . "I wish," Butts replied lugubriously, "that explaining pass defense to the president was all I had to worry about."

Jim Thorpe opens in Philadelphia next week with an all-Indian song and dance show. . . . Then Joe got so filled up with emotion he had to have a pep talk from Manager Felix Bocchicchio before he could express his thanks.

JOE LOOKS GOOD GETTING "BELT"

New York, Oct. 19 (AP)—Old, old, old Jersey Joe Walcott. The way they talk you expect to find an old codger, tripping over a snowy beard.

Well, Jersey Joe was in town yesterday to accept his heavyweight championship belt. You never saw a more alert, healthy specimen. The kind of man who can knock your block off with one punch. . . . just like he did last July with Ezzard Charles.

Will the layoff hurt? Will Walcott at 38 be the man he was at 37? Ask the man. What difference will a year make? "If a man lives like some folks live, two months would make him too old."

Walcott patted his 18-year-old son, Arnold, on the back as he added: "People call a man old just because he's 37. Every man isn't the same at 37. They don't notice how he lives in

Unbeaten Warriors Meet Shippensburg Here This Evening

Gettysburg high school will be gunning for its sixth consecutive victory tonight at 8 o'clock when Shippensburg is met on the Warriors, field in a South Penn conference game.

Although the locals are big favorites to remain undefeated, Shippensburg is hopeful of springing a surprise and plans to play a wide open game with plenty of forward passes.

Also scheduled for tonight are the Biglerville-Manheim Central game at Biglerville, and the York Springs-Littlestown contest at Littlestown.

OLD RIVALRIES RESUME ON GRID THIS SATURDAY

By WILL GRIMSLEY

New York, Oct. 19 (AP)—Most of the nation's top-ranking college football teams flaunt their biceps before neighborhood audiences tomorrow, with the headline attraction sending California against Southern California at Berkeley.

The Golden Bears of California, No. 1 nationally and with a string of 38 straight regular season victories, rule a two-touchdown favorite over a solid Trojan eleven rated No. 11 in the Associated Press poll.

The Bears have averaged 41½ points a game in smashing past Santa Clara, Penn. Minnesota and Washington State. Southern Cal has won four games and lost only an informal skirmish with Camp Pendleton.

Of the other teams in the top ten, Tennessee, Texas A&M, Maryland and Baylor also appear to have a busy afternoon ahead of them, although all are favored by from 13 to 14½ points.

Tennessee's thick-thighed young men, second in the national ratings, defend their unsullied record against three-beaten Alabama at Birmingham, Ala. The Crimson Tide's inferior record can't be taken too much into account since this is a traditional battle in which they pile up the injured like stove wood.

Maryland Faces Trouble
Tradition also puts added teeth into the fray at College Park, Md., between Maryland and North Carolina, longtime antagonists of the Southern conference. Maryland, seventh-ranked, has shown tremendous power in winning three games but Terrapin Coach Jim Tatum, a former North Carolina guard, generally has trouble with his alma mater.

Texas A&M, No. 6, one of the leading favorites for Southwest conference honors, plays twice-beaten Texas Christian at Fort Worth while Baylor, No. 10, has a tough test at Waco against Texas Tech, 33-19 conqueror of TCU last week.

Two of the current gridiron elite—third-ranked Michigan State and eighth-rated Illinois—take to the road.

Michigan State journeys to State College, Pa., where it rules a 14-point favorite over a Penn State team that has won two and lost only to Villanova. Illinois invades Seattle for a game with rebounding Washington. The Illini are 5½ point picks.

Georgia Tech, No. 5, is host to Auburn. Princeton, No. 9, will strive to make Lafayette the 17th link in the longest winning streak now going in major ranks.

Notre Dame, side-tracked last week by Southern Methodist, is a 13½ point favorite over Pittsburgh at Pittsburgh. SMU, meanwhile, meets Rice in a night game at Dallas.

DELONE DOWNS COLUMBIA FOR 3RD TRIUMPH

Delone Catholic high school's gridders pulled their season record to 3-3 by downing Columbia 25-13 Thursday evening at McSherrytown. The defeated stopped a three-game winning streak of Columbia.

Coach Phil Yanoschik's outfit tallied twice in the first period. Featured by a 47-yard run by Tom G. Smith, an 80-yard advance by the Squires was climaxed when Paul Smith slashed through from the five-yard stripe.

About a minute later the Squires scored again. Columbia received the following kickoff and when a pass from center sailed over a Columbia back's head Tom E. Smith fell on the piskin in the end zone for the score.

Gamber tallied for invaders in the second period when he plunged over from the 1 early in the second period following a 70-yard drive.

Delone came through with a touchdown by Tom G. Smith in the third frame and another by Gotwalt in the early moments of the final period.

In the last 40 seconds of play Columbia scored when Gamber fired a pass to Fox who raced 10 yards before lateraling to Campbell who raced over. The entire play was good for 46 yards.

On Sunday, October 28, the Squires play St. Matthew's at Conshohocken.

Today's Talk

By GEORGE MATTHEW ADAMS

CHEERFULNESS

I like to associate with cheerful people. Who doesn't? They always give you a mental and spiritual lift. They make you feel that life is worth while. A cheerful person can even lift the morale of an army, or a city!

We all know of people who give out cheerfulness, no matter what may be kept secretly within their hearts. They may be bearing an illness about which no one but themselves know, or it may be some trouble, or disappointment, that they house to themselves. So they just turn on cheer to make others happier.

A man named Edwards made his name famous by a simple remark that James Boswell recorded in his life of Dr. Johnson. Edwards was a classmate of Johnson at Pembroke college. After many years, when Johnson had become famous as a learned man in the literary world, he called upon his old friend and made this remark: "You are a philosopher, Dr. Johnson. I have tried too in my life to be a philosopher, but I don't know how; cheerfulness was always breaking in."

It is a wonderful habit to have—cheerfulness "always breaking in." How many a time, when things look dark, and when great numbers of people are confused and perhaps full of fear, there is someone who steps in with high courage and good cheer to change the very atmosphere.

Go into a store to buy and you are more apt to buy from a cheerful person than from one who is just a clerk. Cheerfulness and courage are the highest ground. People keep returning to the cheerful clerk in a store. It's that kind that creates a permanent friend.

Cheerfulness has a physical value as well. It drives our worry on out, and stimulates the whole body. Cheerful people are not the worrying kind. They are too busy spreading their smiles about. They brighten up a whole room the moment they enter. You walk with your head a little higher when you pass such a one on the street. It's in the face. But the secret is in the heart!

Tomorrow Mr. Adams will talk on the subject: "The Ever Searching Mind."

BLOOD DONORS BEING ENROLLED FOR NOV. 19TH

Red Cross officials from Frederick met with Emmitsburg Red Cross workers in Emmitsburg on Monday night and set up the organization for a drive to obtain blood donors for the Red Cross blood program.

Mrs. Willard of the Frederick unit announced that C. Arthur Elder has been named recruiting chairman for blood donors for this district. Assistants are Mrs. Harry Boyle, Mrs. Herbert Rogers and Edger Enrich. Jerry Donoghue was named the representative for Mount Saint Mary's college and for St. Joseph's college.

The Emmitsburg district quota was placed at 150. Chairman Elder and his committee are following the plan of presenting the need before the various civic and service organizations, and asking members to sign pledge cards. The Lions club, Chamber of Commerce, Grange, Veterans of Foreign Wars and American Legion have pledged assistance and these together with other organizations are securing signed cards from individuals pledging to give a pint of blood. These cards are to be returned to Chairman Elder by November 5. The bloodmobile unit will come to Emmitsburg November 19 and will be at Mount St. Mary's college for an entire day. They will use facilities of the new Memorial gymnasium with doctors, nurses and nurses aids, equipped to handle approximately 150 in eight hours.

A canteen under the supervision of Mrs. Harry Boyle will serve sandwiches, milk and coffee to the donors. A thorough examination will be given every donor before taking the blood. Persons between the age of 18 and 21 are required to have the consent of parent or guardian. A new technique in doing the work is making the task much easier. A total of 15 signed pledge cards to give a pint of blood each

It is a wonderful habit to have—cheerfulness "always breaking in." How many a time, when things look dark, and when great numbers of people are confused and perhaps full of fear, there is someone who steps in with high courage and good cheer, to change the very atmosphere.

Go into a store to buy and you are more apt to buy from a cheerful person than from one who is just a clerk. Cheerfulness and courtesy are assets that keep lifting a person to higher ground. People keep returning to the cheerful clerk in a store. It's that kind that creates a permanent friend.

Cheerfulness has a physical value as well. It drives out many an ailment and stimulates the whole body. Cheerful people are not the worrying kind. They are too busy spreading themselves about. They brighten up a whole room the moment they enter. You walk with your head a little higher when you pass such a one on the street. It's in the face. But the secret is in the heart!

Tomorrow Mr. Adams will talk on the subject: "The Ever Searching Mind."

BLOOD DONORS
BEING ENROLLED
FOR NOV. 19TH

Red Cross officials from Frederick met with Emmitsburg Red Cross workers in Emmitsburg on Monday night and set up the organization for a drive to obtain blood donors for the Red Cross blood program.

Mrs. Willard of the Frederick unit announced that C. Arthur Elder has been named recruiting chairman for blood donors for this district. Assistants are Mrs. Harry Boyle, Mrs. Herbert Rogers and Ed-gar Emrich. Jerry Donoghue was named the representative for Mount Saint Mary's college and for St. Joseph's college.

The Emmitsburg district quota was placed at 150. Chairman Elder and his committee are following the plan of presenting the need before the various civic and service organizations, and asking members to sign pledge cards. The Lions club, Chamber of Commerce, Grange, Veterans of Foreign Wars and American Legion have pledged assistance and these together with other organizations are securing signed cards from individuals pledging to give a pint of blood. These cards are to be returned to Chairman Elder by November 5. The bloodmobile unit will come to Emmitsburg November 19 and will be at Mount St. Mary's college for an entire day. They will use the facilities of the new Memorial gymnasium with doctors, nurses and nurses' aids, equipped to handle approximately 150 in eight hours.

A canteen under the supervision of Mrs. Harry Boyle will serve sandwiches, milk and coffee to the donors. A thorough examination will be given every donor before taking the blood. Persons between the age of 18 and 21 are required to have the consent of parent or guardian. A new technique in doing the work is making the task much easier. A total of 15 signed pledge cards to give a pint of blood each

JOSEPH'S PART IN GOD'S PLAN
Genesis 47:1-7; 50:18-24
Memory Selection: We know that to them that love God all things work together for good, even to them that are called according to his purpose.
As one reads the history of God's developing plan for His people two facts impress themselves: the long time consumed, and the variety of personalities employed. Joseph, the favorite son of Jacob, engages our interest in today's lesson. The time of his part in the Divine plan was 200 years after Abraham was called out of Ur to pioneer for God. God, the Bible stories tell us, are more fascinating than those that cluster around Joseph's experiences and character.

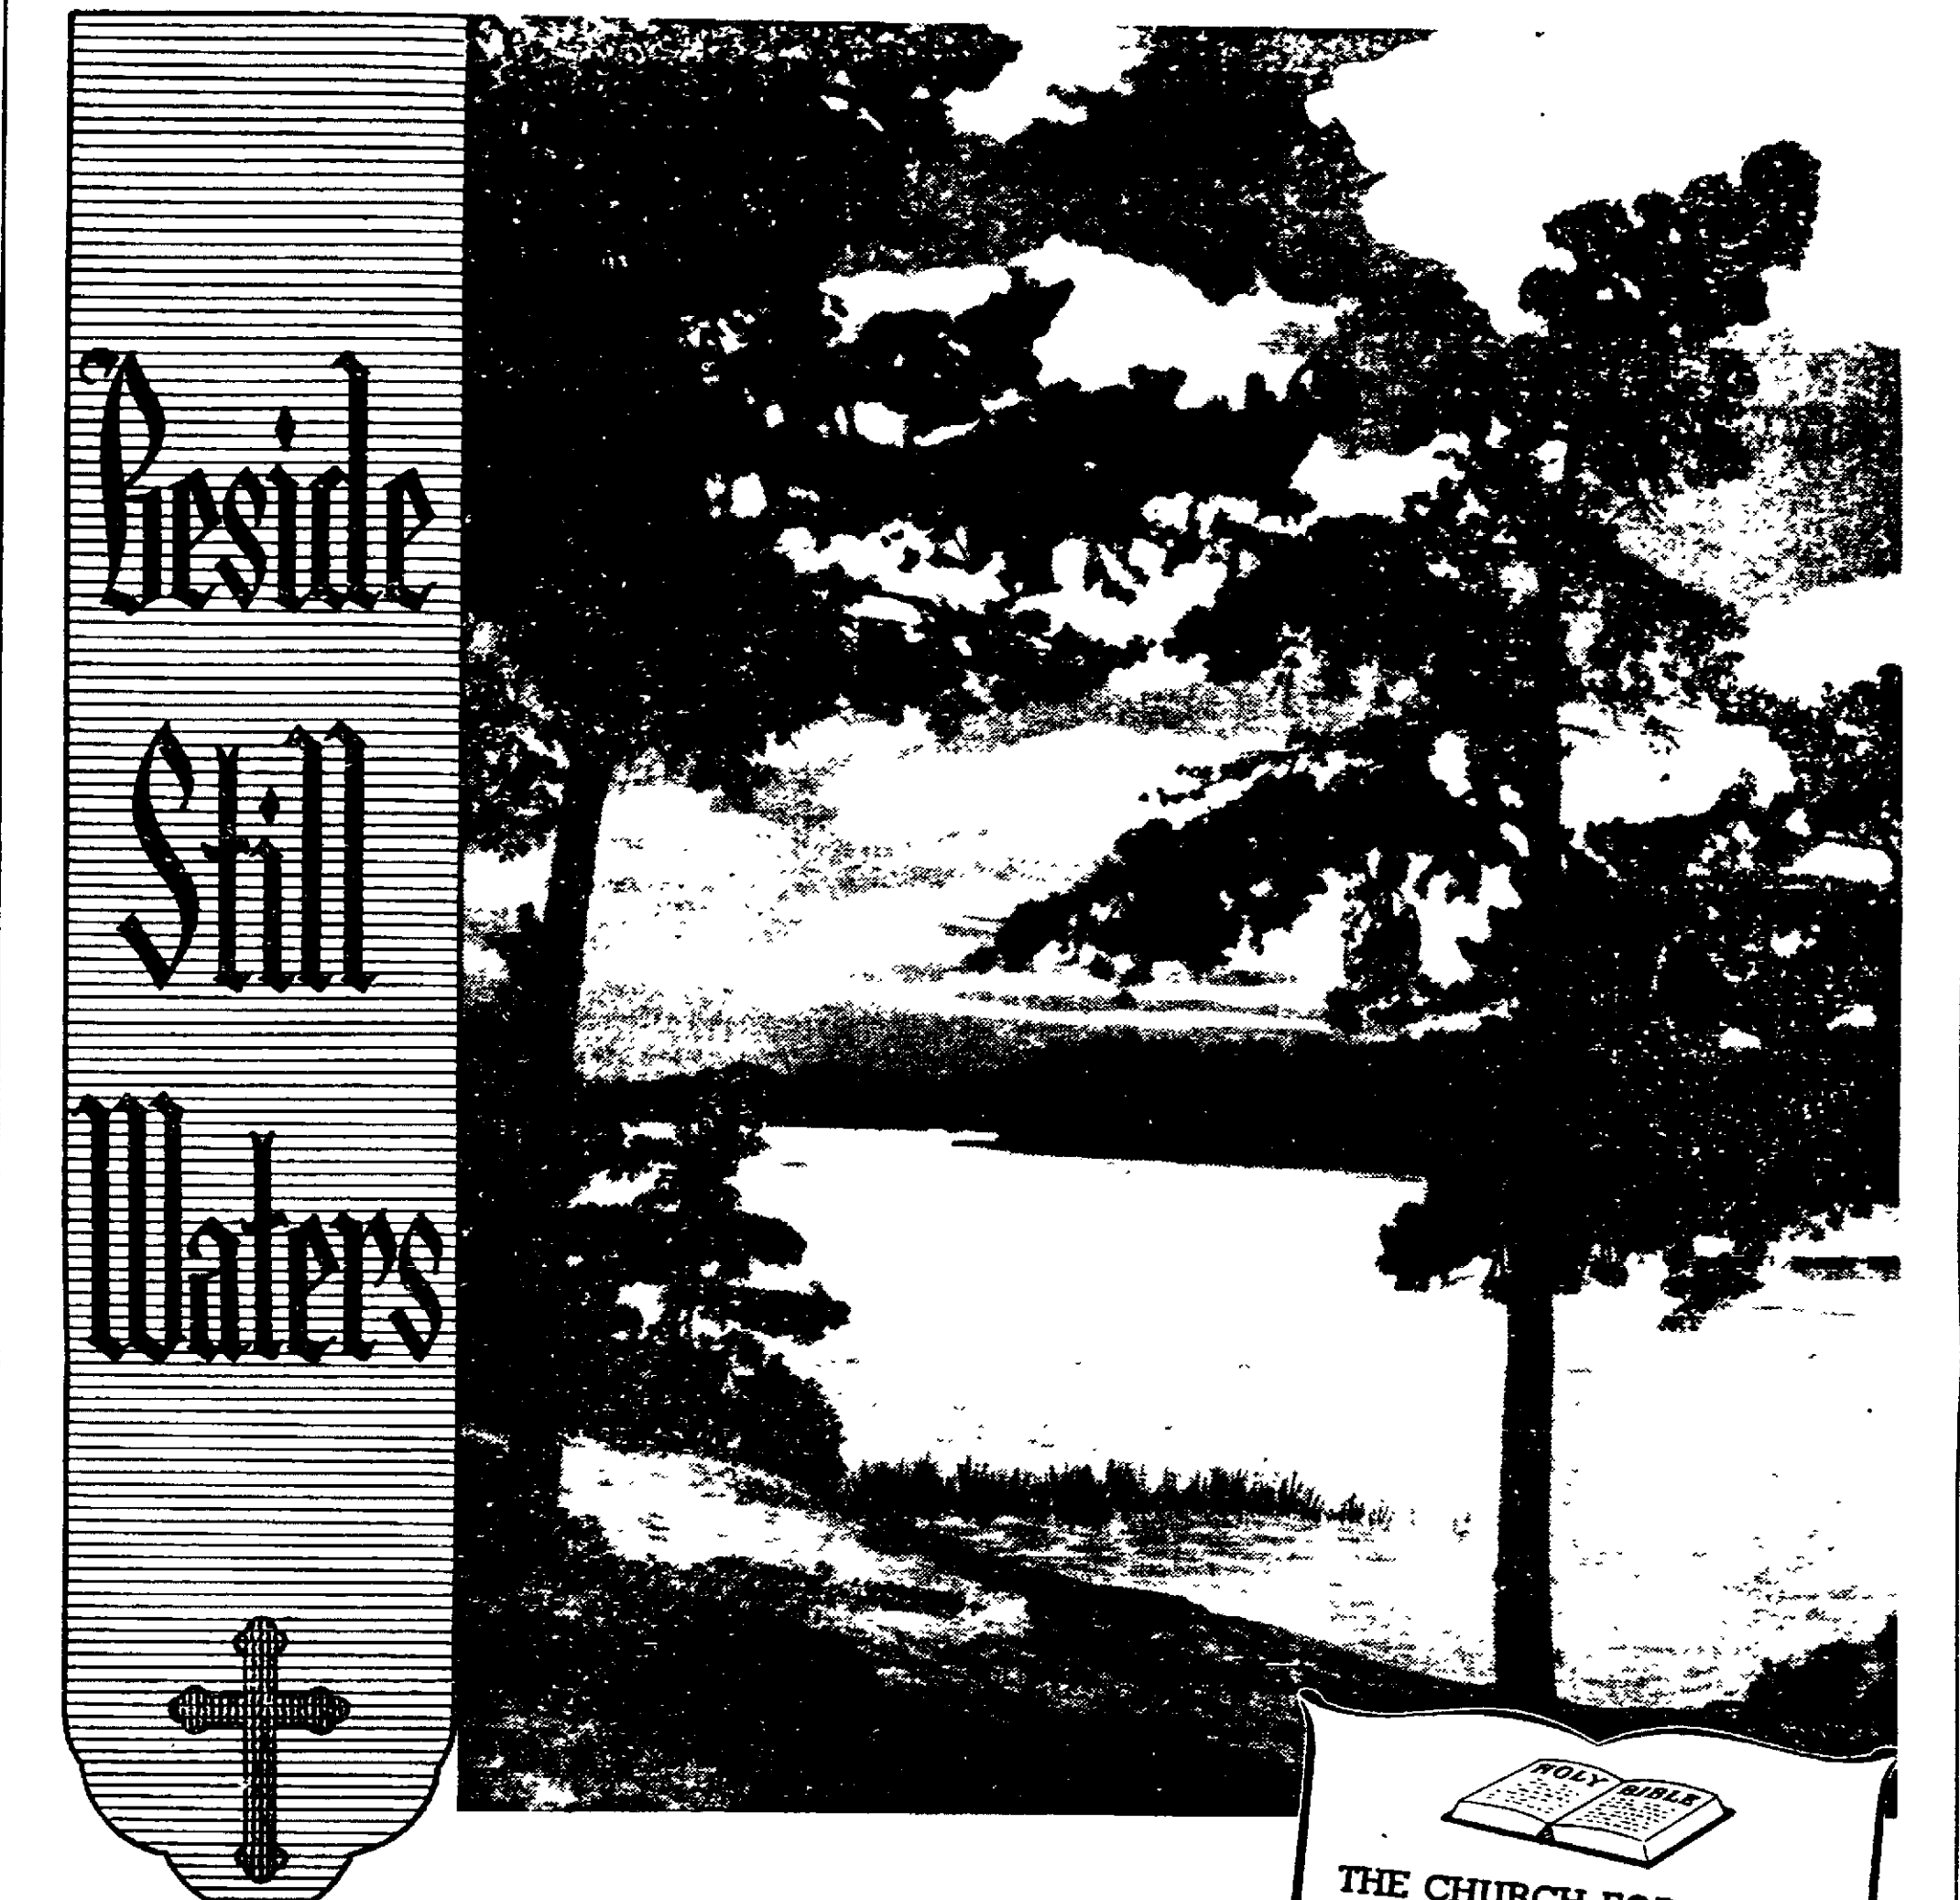

aged Jacob and his beloved wife Rachel. In Canaan he was sold by his jealous brothers to merchants who in turn sold him to an officer of the army in Egypt. Through the treachery of an admiring woman he was taken into prison. Because of his ability and trustworthiness he virtually became the prime minister of Egypt under the ruling Pharaoh. Many and trying were the experiences of this man of about twenty before he came to such a high office.

Jacob Comes to Egypt
The patriarch Jacob and his twelve sons, a rich and powerful man, had been promised the promised land. They were "there but not there" in the land of Canaan. They were "there but not there" in the land of Canaan. They were "there but not there" in the land of Canaan. They were "there but not there" in the land of Canaan.

toward Egypt, the bread basket of that day. First he sent his sons, the very ones who had sold Joseph. Finally, Jacob himself came as Joseph's insistence. Then began a period of 400 years during which the Israelites were dwellers in Egypt. It was a long period but a part of the Divine plan.

With Pharaoh's consent Joseph settled Jacob and his household and their flocks in the Goshen, the best part of the delta of the Nile river. Pharaoh had a plan for Joseph when he requested that the best part of the land be given to him. As Joseph had named a place, he should not forget God's promise to his fathers. His father should be a great people for day would come for the Israelites to return and occupy the promised land. Goshen was the part of Egypt nearest to Canaan. They could reach that land in a few days. Also, the Israelites were herdsmen and Goshen was exactly fitted to their needs. For their part the Egyptians were satisfied to have the new-comers far removed from the center of their country for they had little respect for herdsmen and their way of living. Those stirring words of the Twenty-Third Psalm: *He maketh me to lie down in green pastures... He leadeth me beside the still waters... He restoreth my soul!*

The psalmist must have known the turmoil of life, even though he lived three thousand years ago. At least he had experienced the peace which comes upon a man when he escapes the bustling world and rests in the quiet stillness of nature's scene. And he caught its spiritual meaning!

A man's soul, like his body, needs to be *restored*. Just as sleep and recreation rebuild our physical strength, prayer and worship re-vitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JOSEPH'S PART IN GOD'S PLAN

Genesis 47:1-7; 50:18-24

Memory Selection: We know that to them that love God all things work together for good, even to them that are called according to his purpose.

As one reads the history of God's developing plan for His people two facts impress themselves: the long time consumed, and the variety of

personalities employed. Joseph, the favorite son of Jacob, engages our interest in today's lesson. The time of his part in the Divine plan was 200 years after Abraham was called out of Ur to pioneer for God. Of all the Bible stories none are more fascinating than those that cluster around Joseph's experiences and character.

He was born in Haran, the son of

aged Jacob and his beloved wife Rachel. In Canaan he was sold by his jealous brothers to merchants who in turn sold him to an officer of the army in Egypt. Through the treachery of an admiring woman he was thrown into prison. Because of his ability and trustworthiness he virtually became the prime minister of Egypt under the ruling Pharaoh. Many and trying were the experiences of this man of about thirty before he came to such a high office.

Jacob Comes To Egypt

In the meanwhile Jacob and his other sons were in Canaan, the land that had been promised the patriarch. They were there but occupied only a small part of it. Then came a famine and Jacob turned his eyes

toward Egypt, the bread basket of that day. First he sent his sons, the very ones who had sold Joseph. Finally, Jacob himself came at Joseph's insistence. Then began a period of 400 years during which the Israelites were dwellers in Egypt. It was a long period but all a part of the Divine plan.

With Pharaoh's consent Joseph settled Jacob and his household and their flocks in the Goshen, the rich pasture land in the delta of the Nile river. Pharaoh had an eye for business when he requested that they take care of his own herds in that area. Although he married a pagan wife Joseph did not forget God's promise to his fathers that his race should become a great people. The

day would come for the Israelites to return and occupy the promised land. Goshen was the part of Egypt nearest to Canaan. They could reach that land in a few days. Also, the Israelites were herdsmen and Goshen was exactly fitted to their needs. For their part the Egyptians were satisfied to have the new-comers far removed from the center of their country for they had little respect for herdsmen and their ways of living. Egypt at the time had the highest civilization. The natives were proud of the distinction. Eventually the Israelites would profit by that culture. Moses, trained in the country's court, would come to their relief.

Immorality In Government

(Continued from Page 1)
in the loss of our national righteousness and militant indignation.
House Built On Sand
With all of our enormous material resources which, as your correspondent sees it, have been more or less prodigally scattered among friend and foe alike throughout the four corners of the earth, the real foundation of our greatness lies in the intangible things of the spirit—in a recognition of the fact that a material structure without a moral foundation is like a house built upon the sand. Political terms have become confused and undermined our once solid foundation by presenting the picture that ANYTHING IS ALL RIGHT JUST SO LONG AS YOU CAN GET AWAY WITH IT.

We see the results of this sinister philosophy in every hand some of which have been mentioned earlier in this article. America cannot long endure unless honesty and integrity are restored in the administration of our government. Unless we solve this problem promptly, we shall certainly and certainly go the way of all nations that have permitted a mirage of evil delay.

The Roman Empire survived about 1,000 years and Greece civilization about 500. We are 175 years old, and unless we change our course morally and spiritually, we won't last 200 years as a first-class civilized nation. Not merely our freedom, but our very existence as a sovereign nation is in jeopardy. We were a stronger nation morally and spiritually 175 years ago with only 3,000,000 citizens than we are today with 150,000,000 and unparalleled physical development.

Heeded for Destruction
A nation can carry debt, correct errors in judgment and rebuild material wreckage, but history tells us that immorality leads to destruction and who is there to say

that we are not headed in that direction? Rome's treasury was full, her boundaries extended and her general victorious, but she lacked strength of character sufficient to assimilate her great resources and she fell. The cause of her fall was not financial, nor economic, nor sociological—IT WAS MORAL.

Today America stands at the crossroads. We can either continue down the path of public immorality and intellectual dishonesty, or we can with devotion and singleness of purpose, join in a crusade that will awaken the latent spiritual strength of our people and drive from the temple of government the cunning thieves who have basely prostituted its high purpose for material and political gain.

Build Great Nation
The deplorable aspect of all these irregularities in the administration of our government is, that they are taking place in a land where there is every reason for people to be honest, decent and independent. We have built the greatest nation the world has ever known. We have conquered the elements. We have annihilated distance and time.

We make more and better things than any other people on earth. We lead the way in every sphere of human activity. Yet we are conscious that something very priceless is not here that should be—something we once had.

Need Honesty, Respect
That something was rugged individuality and honesty, free enterprise, wholesome respect for law and order and a belief that our public officials should be measured by their integrity, ability and experience—that "PUBLIC OFFICE WAS A PUBLIC TRUST."

Just why has this moral deterioration set in? Why do we have corruption, loose behavior, easy expediency and sharp practices on the part of public officials? What has taken away the capacity we once had for righteous indignation

that could rise like a mighty wave and engulf the guilty corrupters of public office?

The answer is that the ethical standards of highly placed officials have reached an all-time low; and when there is a lack of honor in government it is inevitable that the morals of all the people will weaken. Can there be much reason for surprise at the basketball scandals and the wholesale expulsions from West Point, when the young men who were the unfortunate victims knew that the same thing was going on every day, on a scale much greater, throughout the government?

Let's "Clean House"
We read in the Good Book that "The wicked flee when no man pursueth." With this we are all in accord, but I think we can also agree that the wicked run a lot faster when someone is after them. So let us keep after them and clean house from top to bottom. Let us install in their stead at the first opportunity a coterie of leaders, either Democrats or Republicans, who will be entirely above suspicion in their conduct of public affairs—men who will personify honesty and integrity and fundamental Americanism. Only by so doing can we restore, at this crisis in our government's moral and ethical standards, the simple virtues of honesty, truth and decency upon which our country was founded.

In short, let us make our government worthy of the thousands of American boys now fighting and dying to preserve it. Let us do everything we can to meet the wishes of a GI in far-off Korea who wrote: "WHEN WE COME BACK AGAIN, FORGET THE BAND, BUT HAVE THE THINGS WE FOUGHT FOR WELL IN HAND."

qualities required to advance the Hebrew people toward their destiny. To train him for this notable service in Egypt took thirty years. We observe that Jesus was at that age when He began his ministry. First among Joseph's attributes was his constant faith in God, and His promise and purpose. No man can be really great who has not an implicit faith in a wise and loving Providence. Joseph had aspirations. It was not by chance that he dreamt of the sheaves that bowed to his sheaf, a dream that enraged his brothers. He was firm against temptation in face of a designing woman, patient in his imprisonment, wise in his counsel to Pharaoh to build storehouses in preparation for the coming famine, and faithful in carrying out the plan. His personal rectitude and his fidelity are qualities that all men in private or public life should possess.

Forgiving his brothers who had sold him into slavery was a supreme act of his noble character. It recalls the words of One greater than Joseph who said, "Forgive them, for they know not what they do." But before his full forgiveness Joseph made certain that his brothers had repented, and besides were now devoted to their father Jacob. The years and the famine had softened the hearts of these men who had once plotted against Joseph's life. Now all jealousy had vanished and

the patriarchal family was reunited and lived comfortably in a favored land. All things, some of them bitter experiences, had worked together for their good. In his old age Joseph spoke an assuring word: "I die but God will surely visit you, and bring you out of this land."

Questions
1. Where was Joseph born?

Answers
1. In Haran.
2. Because of Joseph's dreams of greatness.
3. Faith, fidelity, forgiveness.
4. Prime minister of Egypt.

AN APPEAL

To The Citizens Of

We say that harmless pranks are to be condoned. BUT where do we draw the line that separates the harmless and the destructive?

Even such an incident as the soaping of an automobile's windows or windshield can result in a fatal accident, and the placing of debris in the middle of public thoroughfares or highways could certainly be the cause of untold damage.

These deeds and others far more destructive were perpetrated by this area's pranksters last year.

The Borough of Biglerville, of necessity, must take measures to see that these events do not reoccur.

Culprits and Parents Alike Will Be Held Responsible!

It is unfortunate, indeed, that the borough must take drastic steps to preserve order. All of us have enjoyed the Halloween season as children, and we know that truly harmless pranks can be fun. BUT in order to protect both lives and property, Halloween pranks seen or caught engaging in destructive pursuits this season will be punished to the fullest extent of the law — A State law, for instance, rules that the use of fireworks is illegal. Therefore, if any person without a specified permit is found in possession of, or if it is learned that any person is making use of fireworks, he or she, upon being found guilty, may have to forfeit a maximum fine up to \$100 or to serve as much as 30 days in prison.

The Cooperation of Every Citizen Is Needed!

It will not be necessary to take such drastic measures if all citizens will cooperate with the authorities who have planned this year to sponsor a borough safety campaign against destructive pranks in Halloween misbehaviors.

Immorality In Government

(Continued from Page 1)

In the loss of our capacity for righteous and militant indignation.

House Built On Sand

With all of our enormous material resources, which, as your correspondent sees it, have been more or less profitably scattered among friend and foe alike throughout the four corners of the earth, the real foundation of our greatness lies in the intangible things of the spirit—in a recognition of the fact that a material structure without a moral foundation is like a house built upon the sand. Political term-mites have honeycombed and undermined our once solid foundation by promoting the doctrine that "ANY-THING IS ALL RIGHT JUST SO LONG AS YOU CAN GET AWAY WITH IT."

We see the results of this sinister philosophy on every hand, some of which have been mentioned earlier in this article. America cannot long endure unless honesty and integrity are restored in the administration of our government. Unless we solve this problem promptly we shall certainly and deservedly go the way of all nations that have permitted a mirage of evil decay.

The Roman Empire survived about 1,300 years and Greek civilization about 500. We are 175 years old, and, unless we change our course morally and spiritually, we won't last 200 years as a first-class civilized nation. Not merely our freedom, but our very existence as a sovereign nation is in jeopardy. We were a stronger nation morally and spiritually 175 years ago with only 3,000,000 citizens than we are today with 150,000,000 and unparalleled physical development.

Headed for Destruction

A nation can carry debt, correct errors in judgment and rebuild material wreckage, but history tells us that immorality leads to destruction and who is there to say

that we are not headed in that direction? Rome's treasury was full, her boundaries extended and her generals victorious, but she lacked strength of character sufficient to assimilate her great resources and she fell. The cause of her fall was not financial, nor economic, nor sociological—IT WAS MORAL.

Today America stands at the crossroads. We can either continue down the path of public immorality and intellectual dishonesty, or we can, with devotion and singleness of purpose, join in a crusade that will awaken the latent spiritual strength of our people and drive from the temple of government the cunning tricksters who have basely prostituted its high purpose for material and political gain.

Build Great Nation

The deplorable aspect of all these irregularities in the administration of our government is, that they are taking place in a land where there is every reason for people to be honest, decent and independent. We have built the greatest nation the world has ever known. We have conquered the elements. We have annihilated distance and time.

We make more and better things than any other people on earth. We lead the way in every sphere of human activity. Yet we are conscious that something very priceless is not here that should be—something we once had.

Need Honesty, Respect

That something was rugged individuality and honesty, free enterprise, wholesome respect for law and order, and a belief that our public officials should be measured by their integrity, ability and experience—that "PUBLIC OFFICE WAS A PUBLIC TRUST."

Just why has this moral deterioration set in? Why do we have corruption, loose behavior, easy expediency and sharp practices on the part of public officials? What has taken away the capacity we once had for righteous indignation

that could rise like a mighty wave and engulf the guilty corrupters of public office?

The answer is that the ethical standards of highly placed officials have reached an all-time low; and when there is a lack of honor in government it is inevitable that the morals of all the people will weaken. Can there be much reason for surprise at the basketball scandals and the wholesale expulsions from West Point, when the young men who were the unfortunate victims knew that the same thing was going on every day, on a scale much greater, throughout the government?

Let's "Clean House"

We read in the Good Book that "The wicked flee when no man pursueth." With this we are all in accord, but I think we can also agree that the wicked run a lot faster when someone is after them. So let us keep after them and clean house from top to bottom. Let us install in their stead at the first opportunity a coterie of leaders, either Democrats or Republicans, who will be entirely above suspicion in their conduct of public affairs—men who will personally honesty and integrity and fundamental Americanism. Only by so doing can we restore, at this crisis in our government's moral and ethical standards, the simple virtues of honesty, truth and decency upon which our country was founded.

In short, let us make our government worthy of the thousands of American boys now fighting and dying to preserve it. Let us do everything we can to meet the wishes of a GI in far-off Korea who wrote: "WHEN WE COME BACK AGAIN, FORGET THE BAND, BUT HAVE THE THINGS WE FOUGHT FOR WELL IN HAND."

ADMINISTRATION SCRAMBLES FOR TAX BILL VOTES

Washington, Oct. 19 (AP)—Administration leaders today temporarily abandoned the \$5,000,000,000 tax bill in a tactical move designed to give time for picking up badly-needed votes. A vote on the tax bill still is in prospect some time during the afternoon.

After calling the House into session at 11 a.m. (EST)—an hour earlier than usual—to act on the tax bill, the leaders suddenly decided to bring up ahead of it two government pay raise bills and a postal rate increase measure.

Washington, Oct. 19 (AP)—Grim with tension, President Truman's leaders scrambled feverishly today for enough House votes to put across a \$5,000,000,000 general tax increase. They acknowledged freely they were in for a hard fight. The bill coming up for a rollcall today was changed in only a few minor particulars from the first compromise tax bill which the House rejected 234 to 157 three days ago.

Telegrams went out to absent members believed to be favorable to the bill, urging them to be present and vote. The 65 Democrats who voted against the first compromise were implored to change their stand for the sake of party solidarity. But one Democratic overture was made to the 139 Republicans who voted "no" Tuesday.

Opinions Differ

Rep. Joe Martin of Massachusetts, the Republican leader, told reporters he believed most Republicans who voted against the original bill would now vote against the slightly revised version. But Percy Priest of Tennessee, the Democratic whip, declared he could put together a winning combination by the addition of Democrats and Republican converts who would support the measure.

On the other hand, on Oct. 12, the House passed the bill by a much narrower margin than it had at the time of the first vote. The Senate passed it by a vote of 67 to 33, after a brief explanation of the provisions by Senator George D. Aiken.

The Senate did not get a chance to pass on the first compromise which the House rejected.

Huge Increase

The House called into session at 11 a.m. EST today, an hour earlier than usual, to consider the measure. The rules limit debate on a conference report to one hour, but before the final vote there was a good chance a motion would be made to send the bill back to conference once more.

It would raise, it calls for a \$2,499,000,000 a year increase in individual income taxes, a \$2,100,000,000 boost in corporation taxes, and a \$1,200,000,000 jump in excise taxes on such things as liquor, cigarettes, gasoline, automobiles and household electrical gadgets.

None of the half dozen changes made yesterday was very consequential from the standpoint of revenue. The income tax boost was shaded down a trifle by providing an increase of only 11 percent instead of 12 percent on the first \$2,000 of taxable income. Boosts in the other brackets averaged around 10 percent, except for persons in the higher brackets, who have an option of paying an increase amounting to 3 percent of what they have left over after paying their tax at the current rate.

The U.S. Department of Agriculture was established as a separate agency of the federal government by legislation passed in 1951.

At 173 degrees below zero, tonight's low at 460 degrees Fahrenheit. All that would be followed by a high of 50.

4 MORE NATIVE SONS RECEIVE PLAQUE, SCROLL

(By The Associated Press)
Four more distinguished native sons have received the Pennsylvania Week Ambassador plaque and scroll at ceremonies in their home towns.

Native Keystone states cited for winning success in other parts of the nation were:
William C. Decker, president of the Corning Glass Works, Corning, N. Y., honored at York.
Dr. William J. Gies, New York, lauded at Manheim, where a parade and full day of festivities prevailed.
Dr. Philip S. Hench, Mayo Clinic, Rochester, Minn., feted at Pittsburgh.
Rufus E. Zimmerman, vice president of United States Steel company, hailed at Mount Pleasant.

7 Others Honored
So far seven other Pennsylvania Ambassador ceremonies have been held. An additional one is scheduled for this evening when Brig. Gen. George W. Smythe, Army General Staff, Washington, D. C., will be honored at Norristown.

Business-Education Days, another popular feature of Pennsylvania Week, were observed in four communities—at Berwick, Beaver, Falls, Hatboro and Stroudsburg.

Congressman H. S. Scott was the main speaker at the Pennsylvania Week luncheon of the Philadelphia Junior Chamber of Commerce.

Industrialists and business leaders visited Beaver Falls schools in another Business-Education Day program.

Industrial Day was being observed at Marcus Hook in connection with Pennsylvania Week. The U.S.S. Spear, a U. S. Navy destroyer, docked at the Sun Oil pier for inspection by the general public.

National Defense Day
Meanwhile, numerous airports in the state observed National Defense Day.

A Pennsylvania Week luncheon meeting at Titusville featured Dr. Donald A. Cadzow, director of the state Historical and Museum Commission, and Dr. Paul Giddens, curator of Drake Oil Well Museum, as principal speakers.

A series of paintings of the oil industry were presented by the Esso Standard Oil company to the Drake Well museum.

Trucker, Soldier Are Killed In Crash

Indiantown Gap, Pa., Oct. 19 (AP)—A truck driver and an unidentified soldier were killed Thursday when the tractor-trailer in which they were riding struck another truck and exploded three miles east of here on U. S. Route 22.

Military reservation officials here identified the truck driver as Vern E. Bole, 26, of Ligonier, Ind. They said the soldier's identification was burned in the crash.

The officials said Bole tried to pass the other truck, struck the rear and caught fire. The gas tank exploded, trapping the soldier in the cab inside. Bole was thrown clear of the wreckage.

The driver of the other truck, identified as Robert E. Goodyear, 30, of New Mahaffey, R. D. 1, was rushed to the base hospital here. Attendants said his condition was unsatisfactory.

2 Convicts Found In Trunk of Automobile

Belleville, Pa., Oct. 19 (AP)—Two prisoners attempted to escape Rockview penitentiary Wednesday by hiding in the trunk of an automobile. They were caught.

Deputy Warden H. R. Johnston identified the prisoners as Joseph A. Trubie, 31, serving six to 12 years from Westmoreland county on a burglary conviction, and James Zingaro, 32, imprisoned for 10 to 12 years from Beaver and Allegheny counties on conviction for burglary, larceny and receiving stolen goods.

Johnston said the two concealed themselves in the trunk of an automobile which was about to leave the stockade. Alert gatekeepers noticed the back of the automobile sagged and opened the trunk to find the pair inside. A large screw driver and pliers, apparently to be used in releasing themselves from the trunk, were found on them.

Wife Of Lebanon Publisher Expires

Lebanon, Pa., Oct. 19 (AP)—Mrs. Ruth Schropp Wilder, wife of Henry L. Wilder, publisher of the Lebanon Daily News, died of a heart attack here Wednesday. She was the daughter of A. B. Schropp, founder of the newspaper.

Mrs. Wilder had held the positions of vice president and secretary of the Lebanon News Publishing company. She also was an active community leader.

Mrs. Wilder suffered the attack prior to admittance to Good Samaritan hospital. Surviving are her husband, a son, Adam, editor of the Daily News; a daughter, Mrs. Arbelyn Sansone, the newspaper's treasurer, and seven grandchildren.

Funeral services will be held Saturday afternoon from the Wilder home. Burial will be in Mt. Lebanon cemetery.

At least 75 cents of every dollar consumers spend for pork goes for cuts that make up less than half of a hog's live weight.

ADMINISTRATION SCRAMBLES FOR TAX BILL VOTES

Washington, Oct. 19 (AP)—Administration leaders today temporarily sidetracked the \$5,691,000,000 tax bill in a tactical move designed to give time for picking up badly-needed votes. A vote on the tax bill still is in prospect some time during the afternoon.

After calling the House into session at 11 a.m. (EST)—an hour earlier than usual—on the tax bill, the leaders suddenly decided to bring up ahead of it two government pay raise bills and a postal rate increase measure.

Washington, Oct. 19 (AP)—Grim with tension, President Truman's leaders scrambled feverishly today for enough House votes to put across a \$5,691,000,000 general tax increase. They acknowledged freely they were in for a hard fight. The bill coming up for a roll-call today was changed in only a few minor particulars from the first compromise tax bill which the House rejected 204 to 157 three days ago.

Telegrams went out to absent members believed to be favorable to the bill, urging them to be present and vote. The 65 Democrats who voted against the first compromise were implored to change their stand for the sake of party solidarity. Buttonhole overtures were made to the 139 Republicans who voted "no" Tuesday.

Opinions Differ
Rep. Joe Martin of Massachusetts, the Republican leader, told reporters he believed most Republicans who voted against the original bill would hold fast against the slightly revised version. But Percy Priest of Tennessee, the Democratic whip, figured he could put together a winning combination by the addition of Democratic and Republican converts plus returned absentees.

Months ago—back on June 22—the House passed 233 to 163 a much bigger tax bill, one to raise an estimated \$7,200,000,000. The Senate trimmed that down and the compromise resulted.

The revamped bill came out of a reconvened conference committee shortly after noon yesterday, reduced in size some \$41,000,000 from the first compromise. A few hours later the Senate passed it by a voice vote, after a brief explanation of the provisions by Senator George (D-Ga.). The Senate didn't get a chance to pass on the first compromise which the House rejected.

Huge Increase
The House was called into session at 11 a.m. (EST) today as hour earlier than usual, to consider the measure. The rules limit debate on a conference report to one hour, but before the final vote there was a good chance a motion would be made to send the bill back to conference once more.

In round figures, it calls for a \$2,490,000,000 a year increase in individual income taxes, a \$2,100,000,000 boost in corporation taxes, and a \$1,200,000,000 jump in excise taxes on such things as liquor, cigarettes, gasoline, automobiles and household electrical gadgets.

None of the half dozen changes made yesterday was very consequential from the standpoint of revenue. The income tax boost was shaded down a trifle by providing an increase of only 11 percent instead of 12 percent on the first \$2000 of taxable income. Boosts in the other brackets averaged around 10 percent, except for persons in the higher brackets who have an option of paying an increase amounting to 3 percent of what income they have left over after paying their tax at the current rate.

The U.S. Department of Agriculture was established as a separate agency of the federal government by legislation passed in 1952.

At 273 degrees below zero, with a low of minus 46 degrees Fahrenheit, all that could be expected from an early start.

4 MORE NATIVE SONS RECEIVE PLAQUE, SCROLL

(By The Associated Press)
Four more distinguished native sons have received the Pennsylvania Week Ambassador plaque and scroll at ceremonies in their home towns.

Native Keystone states cited for winning success in other parts of the nation were:

William C. Decker, president of the Corning Glass Works, Corning, N. Y., honored at York.
Dr. William J. Gies, New York, lauded at Manheim, where a parade and full day of festivities prevailed.
Dr. Philip S. Hench, Mayo Clinic, Rochester, Minn., feted at Pittsburgh.
Rufus E. Zimmerman, vice president of United States Steel company, hailed at Mount Pleasant.

Others Honored
So far seven other Pennsylvania Ambassador ceremonies have been held. An additional one is scheduled for this evening when Brig. Gen. George W. Smythe, Army General Staff, Washington, D. C., will be honored at Norristown.

Business-Education Days, another popular feature of Pennsylvania Week, were observed in four communities—at Berwick, Beaver, Falls, Hazboro and Stroudsburg.

Congressman H. S. Scott was the main speaker at the Pennsylvania Week luncheon of the Philadelphia Junior Chamber of Commerce.
Industrialists and business leaders visited Beaver Falls schools in another Business-Education Day program.

Industrial Day was being observed at Marcus Hook in connection with Pennsylvania Week. The U.S.S. Spearhead, a U. S. Navy destroyer, docked at the Sun Oil pier for inspection by the general public.

National Defense Day
Meanwhile, numerous airports in the state observed National Defense Day.
A Pennsylvania Week luncheon meeting at Titusville featured Dr. Donald A. Cadzow, director of the state Historical and Museum Commission, and Dr. Paul Giddens, curator of Drake Oil Well Museum, as principal speakers.

A series of paintings of the oil industry were presented by the Esso Standard Oil company to the Drake Well museum.

Trucker, Soldier Are Killed In Crash

Indiantown Gap, Pa., Oct. 19 (AP)—A truck driver and an unidentified soldier were killed Thursday when the tractor-trailer in which they were riding struck another truck and exploded three miles east of here on U. S. Route 22.

Military reservation officials here identified the truck driver as Vern E. Bole, 26, of Ligonier, Ind. They said the soldier's identification was burned in the crash.

The officials said Bole tried to pass the other truck, struck the rear and caught fire. The gas tank exploded, trapping the soldier in the cab inside. Bole was thrown clear of the wreckage.

The driver of the other truck, identified as Robert E. Goodyear, 30, of New Mahaffey, R. D. 1, was rushed to the base hospital here. Attendants said his condition was unsatisfactory.

2 Convicts Found In Trunk of Automobile

Bellefonte, Pa., Oct. 19 (AP)—Two prisoners attempted to escape Rockview penitentiary Wednesday by hiding in the trunk of an automobile. They were caught.

Deputy Warden H. R. Johnston identified the prisoners as Joseph A. Trubie, 31, serving six to 12 years from Westmoreland county on a burglary conviction, and James Zingaro, 32, imprisoned for 10 to 12 years from Beaver and Allegheny counties on conviction for burglary, larceny and receiving stolen goods.

Johnston said the two concealed themselves in the trunk of an automobile which was about to leave the stockade. Alert gatekeepers noticed the back of the automobile sagged and opened the trunk to find the pair inside. A large screw driver and pliers, apparently to be used in releasing themselves from the trunk, were found on them.

Wife Of Lebanon Publisher Expires

Lebanon, Pa., Oct. 19 (AP)—Mrs. Ruth Schropp Wilder, wife of Henry L. Wilder, publisher of the Lebanon Daily News, died of a heart attack here Wednesday. She was the daughter of A. B. Schropp, founder of the newspaper.

Mrs. Wilder had held the positions of vice president and secretary of the Lebanon News Publishing company. She also was an active community leader.

Mrs. Wilder suffered the attack prior to admittance to Good Samaritan hospital. Surviving are her husband, a son, Adam, editor of the Daily News; a daughter, Mrs. Arbelyn Sansone, the newspaper's treasurer, and seven grandchildren.

Funeral services will be held Saturday afternoon from the Wilder home. Burial will be in Mt. Lebanon cemetery.

At least 75 cents of every dollar consumers spend for pork goes for cuts that make up less than half of a hog's live weight.

Trucker, Soldier Are Killed In Crash

Indiantown Gap, Pa., Oct. 19 (P)—A truck driver and an unidentified soldier were killed Thursday when the tractor-trailer in which they were riding struck another truck and exploded three miles east of here on U. S. Route 22.

Military reservation officials here identified the truck driver as Vern E. Bole, 26, of Ligonier, Ind. They said the soldier's identification was burned in the crash.

The officials said Bole tried to pass the other truck, struck the rear and caught fire. The gas tank exploded, trapping the soldier in the cab inside. Bole was thrown clear of the wreckage.

The driver of the other truck, identified as Robert E. Goodyear, 30, of New Mahaffey, R. D. 1, was rushed to the base hospital here. Attendants said his condition was unsatisfactory.

2 Convicts Found In Trunk of Automobile

Bellefonte, Pa., Oct. 19 (P)—Two prisoners attempted to escape Rockview penitentiary Wednesday by hiding in the trunk of an automobile. They were caught.

Deputy Warden H. R. Johnston identified the prisoners as Joseph A. Trubie, 31, serving six to 12 years from Westmoreland county on a burglary conviction, and James Zingaro, 32, imprisoned for 10 to 12 years from Beaver and Allegheny counties on conviction for burglary, larceny and receiving stolen goods.

Johnston said the two concealed themselves in the trunk of an automobile which was about to leave the stockade. Alert gatekeepers noticed the back of the automobile sagged and opened the trunk to find the pair inside. A large screw driver and pliers, apparently to be used in releasing themselves from the trunk, were found on them.

British, Egyptian Troops In Crashes

Cairo, Egypt, Oct. 19 (P)—British and Egyptian troops clashed Wednesday along the Suez canal and the British seized the only bridge crossing it. Two Egyptian soldiers were killed in the fighting.

The Cairo newspaper Al Misri said that by seizing the bridge the British had cut the canal area off from the rest of Egypt. But the Arabic newspaper Al Zaman later said the British had withdrawn from the bridge.

He has not had time to think about a successor to Boyle.

3. He wrote Senator Taft saying he understood the Ohioan had thrown his hat into the presidential ring and was sure Taft was going to have a lot of fun from now on.

4. He hopes Congress will pass a tax increase because of its tremendous effect on the budget.

Announce Arrests Of 22 In Frauds

Fourteen arrests were made in Miami, Fla., two in Detroit, one in Dayton, O., two in New York city and three in the Newark, N. J., area.

FBI Director J. Edgar Hoover identified those arrested as employees, officials and owners of five vocational schools, including the Berlitz School of Languages of America, Inc., at Miami.

Hoover said the alleged frauds total more than \$350,000.

In the past 10 months, he added, FBI investigations have resulted in the arrest of more than 300 persons charged with veterans school frauds totaling close to \$1,000,000.

THIS IS PENNSYLVANIA WEEK OCTOBER 15 to 21

And — This Year — It Means More Than Ever!

Pennsylvania Week is the time when we let people know about our state and our community. We want to attract people . . . industry . . . prosperity. We do it by focusing attention on what our community has to offer those who want to share in the good things Pennsylvania has.

This year, Pennsylvania Week means something more. The good life that Pennsylvania helped fashion for America is threatened. Pennsylvania has a vital role in meeting that threat.

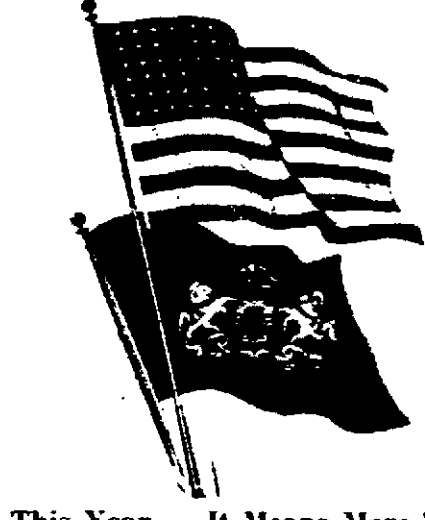

KEYSTONE OF THE NATION . . . BULWARK OF DEFENSE!

Pennsylvania already out-produces the world in many of the things we need for defense. More billions of dollars worth of productive facilities are being built here. All this productive power must be backed by man power.

That's where you come in.

Whatever job you have to do . . . do it like a Pennsylvanian.

TRUMAN HUSH ON CANDIDACY

Washington, Oct. 19 (AP)—President Truman said Thursday he will make public his decision on whether he will run in 1952 when it is politically expedient. He emphasized he will choose his own time for the announcement and indicated it would not be before mid-January. The President said he will be busy from now on preparing his three annual messages to Congress, which will start its second session January 3.

Mr. Truman also told his news conference that he stands on his previous statement that Soviet Russia agreements are nothing but scraps of paper.

Secres MacArthur

On other subjects Mr. Truman said:

1. General MacArthur's assertion in Miami that he had "unquestionably wrecked" a secret plan to let Formosa fall to the Communists and permit Red China to enter the United Nations, is not based on fact and the general knew it.

2. William M. Boyle, Jr., quit as Democratic national chairman because of health. The President said

URGENT TRUMAN TO BLOCK STRIKES

Miami, Fla., Oct. 19 (AP)—The American Legion called on President Truman today to prevent strikes and slowdowns in key defense industries which the Legion said have endangered the lives of Americans fighting in Korea.

The action came in adoption of a resolution prepared by the Legion National Convention Security Committee. The resolution said:

"There now exists certain work stoppages and slowdowns in key industries contributing to our national security which have delayed, impeded and in instances actually stopped essential war production, thus directly jeopardizing the lives of our armed forces personnel in Korea x x x."

Mr. Truman was urged to "take such action as necessary" to prevent any such developments in the war industries.

The convention also urged Congress to pass laws which would provide the same punishment for draft dodgers "as those who desert in the face of the enemy."

THIS IS PENNSYLVANIA WEEK OCTOBER 15 to 21

And — This Year — It Means More Than Ever!

Pennsylvania Week is the time when we let people know about our state and our community. We want to attract people . . . industry . . . prosperity. We do it by focusing attention on what our community has to offer those who want to share in the good things Pennsylvania has.

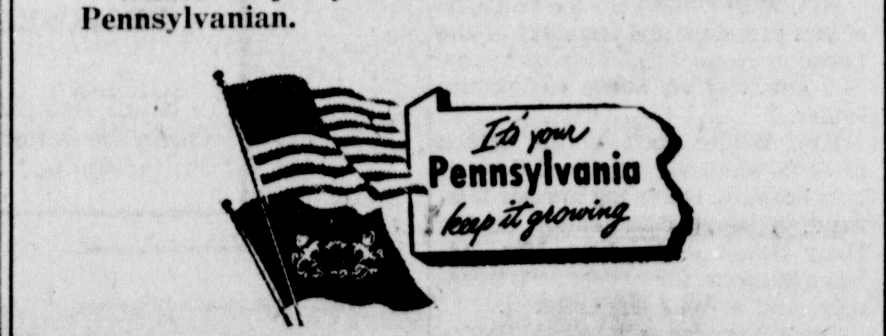

This year, Pennsylvania Week means something more. The good life that Pennsylvania helped fashion for America is threatened. Pennsylvania has a vital role in meeting that threat.

KEYSTONE OF THE NATION . . . BULWARK OF DEFENSE!

Pennsylvania already out-produces the world in many of the things we need for defense. More billions of dollars worth of productive facilities are being built here. All this productive power must be backed by man power.

That's where you come in.

Whatever job you have to do . . . do it like a Pennsylvanian.

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears—

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat—

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a

torque-tube to banish rear-wheel wander. Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive—that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block—but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

BASEBALL CLUB DINNER GUESTS OF LOCAL LIONS

The Littlestown Lions club entertained the players and directors of the Littlestown Baseball club at the semi-monthly dinner meeting of the Lions on Thursday evening in the social hall of St. John's Lutheran church, near town. The program, which was in charge of the Community Betterment committee composed of Marvin F. Breighner, Charles E. Tressler and Robert H. Thomas, was presented with Mr. Tressler acting as master of ceremonies. Mrs. Helen Abbott, Silver Run, a former member of Phil

Spitalny's All Girl orchestra, entertained with several marimba selections. Marvin Breighner, manager of the local baseball club, introduced the players and directors to the Lions. "Nite" Kress and "Bob" Weaver, former local players who have now advanced in the world of baseball, were guests at the dinner meeting.

Herbert Bryan, New Oxford, was the guest speaker. Mr. Bryan talked on "What Good Does It Do To Have Baseball In A Community?" The speaker said "Baseball is democracy in action and this sport is truly an American game. Baseball has no rival as holding first place among sports in the hearts of Americans," he said. The speaker emphasized that "all communities must plan leisure time activities to work toward the development of the mind and body. Sports is the best means for such accomplishment."

Dinner music was provided by Richard Geisler, Littlestown. Following the program the board of directors of the Lions met with President

Clayton L. Evans. The club voted a contribution of \$10 to the Littlestown group of the Ladies Auxiliary to the Warner hospital, Gettysburg, for the fund for the new air pressure lock, which was recently purchased for use in the nursery. It was decided to make a contribution of \$5 to the Adams County Agriculture society.

It was announced that the club has been invited to attend the state testimonial dinner to be held in honor of Monroe L. Nute on Saturday, November 10, at Altoona. The local club will be host to the Lions of Zone A, District 14 C, at the first November dinner meeting on Thursday, November 1, at St. John's social hall. Members of the New Oxford club have been invited to attend this meeting. The program will be in charge of Civic Improvement committee.

Peron Now Calls His Wife "Saint Evita"

Buenos Aires, Oct. 19 (AP)—Eva Peron, wife of Argentina's president, was hailed as "Saint Evita" today and her husband declared a national holiday to mark the event.

President Juan D. Peron announced the honor Wednesday at Argentina's annual celebration of "Loyalty Day," which developed into a mass eulogy of his ailing wife.

At the close of the ceremonies Peron declared today would be "Saint Evita" Day. For the past four years he has given the extra holiday as "Saint Peron" Day.

Senora Peron, ill with anemia since September 21, left her sickbed to take part in the festivity. It was the subject of Argentina's first television broadcast.

Broker Suing For \$188,557 Commission

Pittsburgh, Oct. 19 (AP)—A broker and former CIO statistician wants \$188,557 from the Bucyrus-Erie Co. as commission on the firm's purchase of a controlling interest in the National Erie Corp. of Erie.

A suit filed Wednesday in Federal District court by Harold J. Ruttenberg says the transaction of last August followed his action in helping obtain an option last March. The option was for purchase of not less than 80 percent of the 188,557 shares of outstanding National Erie stock.

Although the option expired, the suit contends the purchase later was made chiefly through Ruttenberg's efforts.

Stock Schuylkill With Fish Today

(By The Associated Press)
Stocking of the Schuylkill river with 20,000 fish highlights today's observance of Pennsylvania Week.

The occasion called for the appearance of Gov. John S. Pine, who earlier accepted four awards for commonwealth traffic safety achievements as part of the Pennsylvania Week celebration.

The releasing of the fish—including bass, catfish, sunfish and yellow perch—is the first ever into the Schuylkill river.

Black Rock dam near Phoenixville is the site of the event, hailed by the state Forests and Waters department as a sure sign that the commonwealth's clean streams program has been successful.

On a bulletin board in a transient hostel of Wheelus Air Force Field, Tripoli, appears this sign: "A service charge of 50 cents per day is charged to transient officers and civilians, other than VIP's. The VIP charge is \$1 per day."

BASEBALL CLUB
DINNER GUESTS
OF LOCAL LIONS

The Littlestown Lions club entertained the players and directors of the Littlestown Baseball club at the semi-monthly dinner meeting of the Lions on Thursday evening in the social hall of St. John's Lutheran church, near town. The program, which was in charge of the Community Betterment committee composed of Marvin P. Breighner, Charles E. Tressler and Robert H. Thomas, was presented with Mr. Tressler acting as master of ceremonies. Mrs. Helen Abbott, Silver Run, a former member of Phil

Spitalny's All Girl orchestra, entertained with several marimba selections. Marvin Breighner, manager of the local baseball club, introduced the players and directors to the Lions. "Nit" Kress and "Bob" Weaver, former local players who have now advanced in the world of baseball, were guests at the dinner meeting.

Herbert Bryan, New Oxford, was the guest speaker. Mr. Bryan talked on "What Good Does It Do To Have Baseball In A Community?" The speaker said: "Baseball is democracy in action and this sport is truly an American game. Baseball has no rival as holding first place among sports in the hearts of Americans," he said. The speaker emphasized that "all communities must plan leisure time activities to work toward the development of the mind and body. Sports is the best means for such accomplishment."

Dinner music was provided by Richard Geisler, Littlestown. Following the program the board of directors of the Lions met with President

Clayton L. Evans. The club voted a contribution of \$10 to the Littlestown group of the Ladies Auxiliary to the Warner hospital, Gettysburg, for the fund for the new air pressure lock, which was recently purchased for use in the nursery. It was decided to make a contribution of \$5 to the Adams County Agriculture society.

It was announced that the club has been invited to attend the state testimonial dinner to be held in honor of Monroe L. Nute on Saturday, November 10, at Altoona. The local club will be host to the Lions of Zone A, District 14 C, at the first November dinner meeting on Thursday, November 1, at St. John's social hall. Members of the New Oxford club have been invited to attend this meeting. The program will be in charge of Civic Improvement committee.

"Z" 10% POWER INCREASE
SETS A NEW HIGH IN PERFORMANCE

Increased piston displacement and design improvements of the new 206B-4 engine now offer you more operating power and draw bar and belt jobs. If plenty of reserve power and dependability for the hard going are of increased importance to you, notice these advanced design features. Investigate! You'll agree that the new "Z" has the toughest jobs licked before they're started. New three bearing crankshaft operates on anti-friction roller and precision babbitt main bearings. New "tri-metal" connecting rod bearings with even greater load capacity. New pressure lubrication system provides a still more effective means of reducing engine wear by furnishing the oil 90° before the power stroke.

Recognize the improved MM "Z" by the clean lines, compactness and visioned design. Buy it for a more powerful engine—a new improved range of field speeds and many easy operating features that include MM Uni-Matic tool control. See us for complete details.
